*Fort Knox Reg 25-1

Information Management

OPERATION OF CITIZENS' BAND RADIO EQUIPMENT

Summary. This regulation outlines policies, responsibilities, and procedures for operation of Citizens Band Radios on the Fort Knox Military Installation.

Applicability. This regulation applies to all commands, agencies, and activities located at Fort Knox.

Suggested improvements. The proponent of this regulation is the Directorate of Information Management (DOIM). Users are invited to send comments and suggested improvements on DA Form 2028 (Recommended Changes to Publications and Blank Forms) directly to Commander, USAARMC and Fort Knox, ATTN: ATZK-IMR-L, Fort Knox, Kentucky 40121-5000.

1. **Purpose.** The purpose of this regulation is to establish policies, procedures, and responsibilities governing the operation of Citizens' Band (CB) radios on Fort Knox.

2. **General.** a. The operation of CB radios on the Fort Knox installation requires they be installed and operated in accordance with local regulations and Part 95 of the Federal Communications Commission (FCC) rules.

b. Operation of all CB radios within the confines of Fort Knox Military Reservation by military or civilian personnel residing or working on the installation is under the authority of the Commanding General. Before operation, specific approval must be obtained.

c. CB radios normally will not interfere with other electronic equipment. However, if components become defective, are not properly grounded, or have been modified to increase power output, interference may result.

d. The erection of CB "base station" antennas at government quarters is controlled and approved by the Director of Base Operations Support (DBOS).

e. Operation of CB equipment without authorization is in violation of this regulation, and is subject to disciplinary action. These cases will be referred to the Office of the Garrison Commander.

*This regulation supersedes USAARMC Reg 25-1, 19 December 1994.

f. Operation of CBs by groups, radio clubs, or for military requirements will be referred to the DOIM, ATZK-IMR-L, for separate consideration.

3. Responsibilities:

a. The Director of Information Management is responsible for controlling the use of CB radios on Fort Knox.

(1) The DOIM will receive and review requests for permission to operate CB radios. If found to be in order, written authority to operate will be given. This authority will not exceed 1 year, at which time it must be renewed.

(2) The DOIM investigates reports of interference possibly caused by CB radios. Action is initiated to stop the interference where possible. If the source of the interference cannot be identified, it will be referred to the FCC.

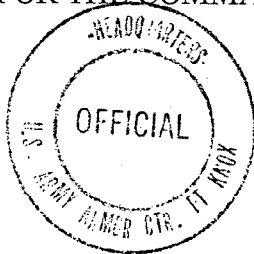

b. Individuals desiring to operate a CB radio on Fort Knox:

(1) Ensure the equipment, installation, and operation conform to Part 95, FCC rules.

(2) Request permission to operate a CB radio on Fort Knox. Forms to obtain such permission are available from the DOIM, Communications Division, Bldg. No. 1227, Sixth and Old Ironsides Aves. Written approval must be received before operating the radio on Fort Knox.

(3) Comply with specific instructions concerning the operation of CB radios on Fort Knox. Individuals may operate only in modes that do not interfere with other electronic media or devices.
